

PMP® Exam Prep Self-Paced Course

PREMIUM BUNDLE

Are You Qualified for the PMP Exam?

To be eligible to take the PMP exam, you must first complete the application process, which calls for you to meet specific educational and/or project management experience requirements.

We recommend reviewing the "PMP Credential Handbook" prior to beginning your course of study. Go to www.pmi.org and choose "Certification Program" from the "Professional Development & Careers" drop-down menu.

Note: *Candidates must have verifiable project management leadership experience across five processes – initiating, planning, executing, monitoring & controlling and closing.*

Are You Ready?

No question: the PMP Exam is difficult. Preparing for it requires extensive knowledge of the material and a commitment to the process.

Be sure that you're ready to dedicate the time it will take to reach your goal of PMP Certification.

mScholar works with PMP candidates all over the world, preparing them to comfortably pass their PMP exams on the first attempt. Our self-paced PMP exam preparation course is the best independent study solution to fully prepare you to earn your PMP certification.

The foundation of our premium self study bundle is our comprehensive course kit – the workbook alone contains over 350 pages and is organized into 44 distinct learning modules. This structure helps to instill a deeper understanding of the learning material as applied in real-world situations. Each module is self-contained, including your lesson, key terms and definitions, and primary points of information.

In addition to the workbook, the premium bundle contains mp3 audio files on a 2G flash drive, PMP Prep Pak flash cards, and 200 challenging practice questions.

Participants may also access the mScholar® Online Student Center, to ask questions of a certified PMP® and to network with fellow students.

The mScholar® study materials are delivered in a convenient, ready-to-travel carry-all case. Whenever a candidate has a free 15-20 minutes available to study, the mScholar® student kit is there.
